designed with intention

New Renault Duster Strong Hybrid E-Tech 160 pairs contemporary design with a commanding SUV stance. An illuminated Duster emblem and signature grille define its distinctive front profile, while 212 mm of ground clearance reinforces its confident, go-anywhere character.

Subtle E-Tech detailing adds a distinctive touch to its design. The E-Tech badge and E-Tech Gris Inox side embellisher bring a refined finish, reflecting the advanced hybrid technology that powers the vehicle.

The signature front and rear LED lights accentuate the SUV's bold design.

Complemented by the 45.72 cm (18") Outback diamond-cut alloy wheels, enhancing its powerful silhouette.

The sculpted rear profile lends the Duster a sophisticated, contemporary appeal. A horizontal LED rear light bar enhances visibility while the protective skid plates add a purposeful finish, reinforcing its confident SUV character.

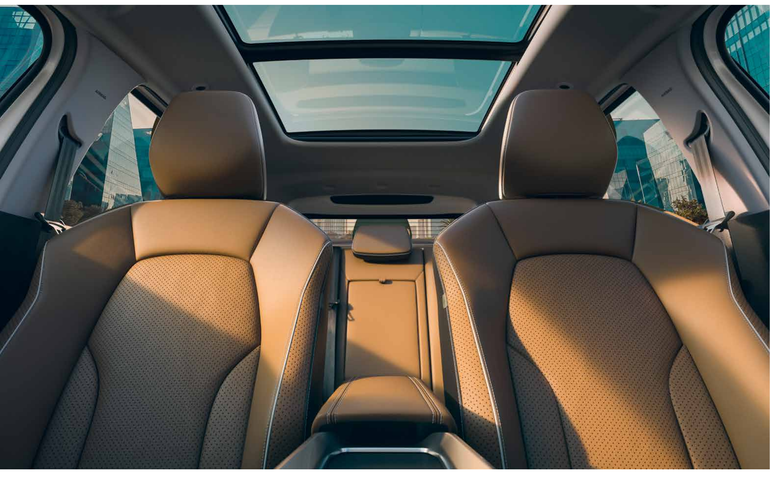

With 212 mm of ground clearance, the SUV is designed to handle the unexpected with ease. Its 26.9° approach angle and 34.7° departure angle offer added confidence when navigating steep ramps, inclines and changing road levels.

distinguished interior

Designed around the driver, new Renault Duster Strong Hybrid E-Tech 160 brings together a sense of space, comfort and considered craftsmanship.

The new dune brown leatherette upholstery seats the tone for a refined cabin, complemented by light interior tones that create an airy ambience.

Carbon-finish dashboard detailing and co-ordinated door inserts bring a cohesive finish, while thoughtful details throughout reflect the Duster's purposeful character.

new standards for comfort

Every element of Strong Hybrid E-Tech 160's cockpit is designed to bring greater ease to the drive. Dual openR screens sit within a sculpted, driver-oriented dashboard, complemented by an elevated central console with an e-shifter. Electric, ventilated front seats with 6-way adjustment offer personalised comfort, while the six-speaker audio system adds another dimension to every journey.

Electric panoramic sunroof designed to bring all the surrounding natural light into the cabin.

Unlock convenience at a single touch with the electric powered tailgate, designed for fluid, hands free operation. The low loading edge eliminates heavy lifting and ensures ease of use.

From daily drives to weekend escapes, new Renault Duster Strong Hybrid E-Tech 160 offers a best-in-class 544L* boot space, giving you the freedom to carry more and pack for every possibility. Thoughtfully designed to maximise space and practicality, it makes every journey more convenient.

openR link multi-media system

Enjoy seamless connectivity with the 26.03 cm (10.25″) TFT driver display and 25.65 cm (10.1″) openR link multimedia system. With wireless smartphone replication and the My Renault app, stay connected and enjoy greater convenience on every journey.

humanized technology

Stay connected on every drive with wireless smartphone replication that brings your apps, navigation and media directly to the vehicle interface. Renault connected services on the My Renault app give you easy access to key vehicle information and useful controls even when you are away from the car.

An elevated sense of comfort, with dual-zone AC offering independent temperature settings for the driver and front passenger.

stolen vehicle tracking is only applicable for Strong Hybrid E-Tech 160 techno & emotion variant.

38 standard safety features

rear parking assist
It helps the driver detect obstacles behind the vehicle while reversing, making parking easier and safer.

hill start assist
It prevents rollback on slopes by holding the brake pressure momentarily, allowing a smooth and controlled start without the vehicle rolling backward.

rear view camera
In reverse gear, the screen displays a rear view of the surroundings behind. Dynamic guiding lines with auto zoom make your manoeuvres easier and safer.

cruise control & speed limiter
It allows the driver to set a maximum vehicle speed, helping to comply with posted speed limits.

- front airbags - driver & passenger
- side airbags - driver & passenger
- curtain airbags
- ABS
- EBD with brake assist
- electronic stability program
- traction control system
- cornering stability control
- tyre pressure monitoring system (TPMS)
- seatbelt with load limiter - front
- seat belt pretensioners - front
- 3 point seat belts (all seats)
- seatbelt reminder - all seats
- rear occupant alert
- isofix
- all seat head rest adjustable
- day night irvm manual
- rear door child lock
- emergency stop signal (ess)
- impact sensing door unlock
- speed sensing door lock
- inside door override (all doors)
- immobilizer
- burglar alarm
- central locking
- front passenger airbag on/ off switch
- front passenger airbag on/ off indicator
- pedestrian protection
- speed alert warning
- power window with auto up down & safety - all
- follow me home headlamps
- rollover sensor
- automatic headlamps
- rear parking assist
- hill start assist
- rear view camera
- cruise control

human first program
safety by Renault

the human first program is a comprehensive safety program developed by Renault in collaboration with researchers, experts and fire-fighters.

because road safety is the business of all road users –be they pedestrians, cyclists or motorists– the human first program by Renault undertakes to:

1. **prevent accidents by developing safety equipment and advanced driving and safety assistance systems**

17 advanced driver-assistance systems, 6 airbags, child seats (Isofix), Renault's Fixe4sure solution / more than 2,000 safety-related patents
filed since 1970

2. **manage accidents once they have happened by drawing on innovations developed in collaboration with fire-fighters**

QRescue / Fireman Access / more than 5,000 fire-fighters trained over the past 10 years in 20 countries throughout the world / around 400 cars given per year for their training

3. **reduce the number of accidents and their severity by investing massively in R&D**

safety score / safety coach / connected services / big data / artificial intelligence and cybersecurity systems

find out more about the human first program

Your Renault Duster is ready for years of exploration, and our warranty is designed to go the distance with you.

We offer an industry-leading warranty of up to 7 years/150 000 kms[1]. This includes 3 years of standard 4 additional years of coverage under manufacturer warranty with the Renault Forever program.

Additionally, we offer a warranty of 8 years/160 000 kms on the battery[1].

1. **complete peace of mind**

drive with the assurance that your vehicle is protected against unforeseen repairs for up to 7 years.

2. **nationwide authorised coverage**

our commitment follows you across the map. With a vast network of authorised service centres, you are never far from certified technicians.

3. **transferable to the next owner**

if you choose to move on to your next Renault, the remaining warranty is fully transferable to the new owner, making it a secure asset in the pre-owned market.

4. **enhanced resale value**

by maintaining a rigorous standard of care, you aren't just protecting your vehicle, you are strengthening its resale value for the future.

5. **1-year warranty extension after every scheduled service at no extra cost[2]**

complete the annual scheduled service at an authorised Renault workshop and unlock a 1-year/100 000 kms[1] warranty extension at no extra cost for the next 4 years after the standard warranty.

[1]whichever occurs earlier
[2]t&c apply.
*under Renault Forever program, for detailed t&c visit renault.co.in.
